

Over A\$15 million
given to Australian
and NZ charities
since 1984

INNER CITY INTERAGENCY TRUST, CHRISTCHURCH

The Trust oversees 'Street 10', a shelter for homeless people in Christchurch, which is the only day centre of its kind in New Zealand. The shelter provides a safe environment to address their health, welfare, employment and educational needs and numbers over 10,000 attendances per annum.

The initiatives at 'Street 10' are based on the self-identified needs of the homeless community. They encourage individual and collective responsibility to address and meet these needs and work together to achieve long-term aims.

The \$9,000 will be used to help fund this innovative project and allow it to continue to be run largely run 'by the homeless for the homeless'.

The Legacy
Lives On!
