PARENT TO PARENT NEW ZEALAND, HAMILTON

Parent to Parent offers a unique matching and information service to parents who have a child with a disability or special needs, provided through a trained volunteer support parent who has a child with the same or similar condition.

They receive over 5,000 requests from families each year with services including user-friendly, individualised information, seminars and training programs.

The \$10,000 donation will be used to fund a much needed upgrade to their National Parent Database and the installation of a Sharepoint Intranet for their 11 regional offices to ensure the best level of service continues for the thousands of children with a disability and their families.

The Legacy
Lives On!
