

Over A\$15 million
given to Australian
and NZ charities
since 1984

STREET FOOTBALL AOTEAROA (STA), WELLINGTON

STA aims to support homeless and marginalised people by providing opportunities to improve fitness and possible tournament selection including financial support where needed.

Currently operating in four cities STA is working towards forming teams in 15 urban and rural areas by 2012. They hope to join up over 500 marginalised people to the Street Football program to give them a new direction in life, improved self esteem and a more positive focus and outlook.

The \$10,200 donation will be used to support the expansion of this much needed program including venue hire, internal travel, computer and stationery needs.

The Legacy
Lives On!
