

NEWMAN'S OWN[®]

FOUNDATION

NEWMAN'S OWN FOUNDATION: Funding criteria for New Zealand charities

- Organisation must be a registered charity with IRD Section KC5, Section 56A or Section LD 1-3 status providing a rebate for the donor, and receive minimal Government funding. Not all charities enjoy this status, so you may need to check eligibility with the IRS.
- Grants from Newman's Own Foundation must be spent on a New Zealand project.
- Grants from Newman's Own Foundation will not be given to cover office administration or salaries e.g. employment of Social Workers, Youth Officers or Consultants.
- Exclusions include: Sporting bodies or youth clubs (unless for disadvantaged or handicapped), individual or personal requests, projects requiring recurring budget expenditure, international conference travel or individual travel/study grants.
- Charities are invited to submit an Expression of Interest in applying for a Grant. Expressions of Interest must come from fully registered charities and not via other fundraising organisations such as Service Clubs or groups which raise funds to pass on to another institution.
- Grants are made every two years, and timing and capped amounts may vary. Grant funds must be expended no later than the end of the financial year following the financial year in which the Grant is received. Expressions of Interest are not accepted outside of the dates designated on this site which is updated each March/April with details of possible future funding opportunities.
- The payment of Grants is conditional upon the monies being used solely for the purpose specified in the application and reports on the use of funds are required.
- You are requested **not** to add us to your mailing lists for newsletters, fundraising appeal letters, invitations to functions and AGMs, Annual Reports or Financial Statements.
